

DIVA — aapki dukaan ki assistant

Console me niche daayi taraf green avatar. Tap karke **bolo ya type karo** — English, Hindi ya Hinglish me. Wo catalogue, stock, bills, purchases, customers aur analytics samajhti hai, kaam khud karti hai, phir sach-sach result batati hai.

- **Aap bolo → DIVA plan banati hai → aap confirm karo.** Jo cheez data *badalti* hai (stock, price, naya product) uske liye wo step dikhati hai aur **“Run it”** ka wait karti hai (ya **Skip**). Padhne/poochhne wale jawab turant.
- **Wo imaandaar hai.** Kaam hone par sach batati hai (*“5 add kar diye — ab 46 stock hai”*). Na ho paaye to ✕ ke saath bata deti hai, jhooth nahi.
- **Unclear ho to poochhti hai.** SKU sabse pakka (**KPC64**), par description bhi chalega (*“meenakari wala haar”*). Kabhi bhi **■ Stop** dabaa sakte ho.

- billing kholo · inventory kholo ·
dashboard dikhao

DIVA ye nahi karti

- **Counter pe sale/bill khud nahi banati.** billing kholo — sale aap khud ring-up karte ho.
- **Online payment / bank ka kaam nahi karti.**
- Purane site (BrainyBuzz) se data import — wo alag process hai.

Tip: badlav se pehle hamesha **Run it** dabana padta hai — control aapke haath me. Staff logins ko sirf unke role ki cheezein dikhti hain; Owner sab kuch kar sakte hain.
